SUMMARY

Artificial Intelligence and Data Science undergraduate with a foundation in programming and software development. Experienced in developing academic projects and collaborating in team environments. Interested in building practical software solutions, solving real-world problems, and continuously expanding technical knowledge.

EDUCATION

- **BANNARI AMMAN INSTITUTE OF TECHNOLOGY** Sathyamangalam, Tamilnadu
B.Tech - Artificial Intelligence and Data Science 2023 - 2027
CGPA: 7.42 / 10
- **SRI VINAYAGA MATRIC HIGHER SECONDARY SCHOOL** Namakkal, Tamilnadu
Higher Secondary Percentage: 87% 2022 - 2023

SKILLS

- **Languages** : C, Java
- **Database** : MySQL, MongoDB
- **Web Technologies** : HTML, CSS
- **Frameworks** : Bootstrap
- **Tools** : Git, GitHub, Figma

PROJECTS

AI Sustainable Agriculture Platform

- Developed an AI-powered agriculture platform featuring plant disease detection, crop yield estimation, and personalized crop recommendations based on farmer inputs and cultivation practices.
- Built a responsive web application connecting farmers with vendors, providing market prices, government schemes, agricultural news, and inventory management through API integration.

Student Outcome Prediction System

- Developed a web-based application that enables teachers to manage and monitor student academic records through a centralized platform.
- Designed interactive dashboards to present academic performance and semester prediction results with a simple and user-friendly interface.

CERTIFICATES

- **Oracle** Certified Java SE 17 Developer
- **Cisco** - Introduction to Cybersecurity
- **NPTEL** - Responsible & Safe AI Systems
- **NPTEL** - Introduction to Internet of Things

PROFESSIONAL SKILLS

- Adaptability
- Problem Solving
- Team Collaboration
- Time Management

LANGUAGES

- Tamil — Native Proficiency
- English — Professional Working Proficiency

AREAS OF INTEREST

- Software Development
- Machine Learning
